EDITORIAL

A resolution of the Board of Governors of Dalhousie University, expressing their "willingness and desire" to have the scheme of university federation as outlined in the tentative plan placed before them, was passed at their meeting last week. Those who are familiar with the present educational situation in the Maritime Provinces will appreciate the spirit which prompted this worthy body to pass such a resolution. Nothing selfish nor self-centred lies behind their resolution: it is a sincere expression of their "willingness and desire" that higher educational facilities shall be provided for the students of the future. Traditions and loyalty are set aside; they will realize, as others do not, that Dalhousie is making a greater sacrifice than any college entering the Federation. Truly they are to be congratulated on their pledge of support to the scheme.

PERSONALS

Donald "Bud" Smith, Arts '26, who was operated on for acute appendicitis recently is reported to be making splendid progress and is now well on the high road to recovery.

Dr. J. H. Lawley, Dent. '21, was in the city for the week end. Dr. Lawley is now conducting a flourishing practice in Glace Bay.

DR. HERBERT GRAY

Noted Preacher Addressed Students in Gymnasium on Saturday Last.

Dr. Herbert Gray arrived in the city last week and met the students *en masse* for the first time on Saturday noon in the Gymnasium. From a student's standpoint the meeting was a most happy one, the inspiring words and compelling personality of Dr. Gray making a profound impression on those who composed the large audience. The subject of Dr. Gray's address was "What is the good of religion?" Unfortunately, space will not permit a full account of the proceedings.

Later on Saturday, Dr. Gray was the guest of the S. C. A. delegates to the Toronto Conference at a banquet held in the city Y. M. C. A. A complete account of Dr. Gray's visit to Dalhousie will appear next week.

Canadians at Harvard

BOSTON, Mass. On the evening of February 23, the combined membership of the Harvard Canadian Club and the Massachusetts Institute of Technology's British Empire Club met at a joint gathering at the Harvard Club of Boston. The host for the evening was Mr. Warner, of Boston, whose interest in the Canadian Club of Harvard has been unflinching since that gentleman himself was a member, and the speaker was Rev. Dr. Cornish, of Boston, who delivered an extremely interesting and very instructive lecture on the present conditions in the province of Transylvania, ceded after the late war to the Roumanians. The lecture was illustrated from photographs made by the party of which the speaker was a member during the trip of a commission of investigation a short time ago, and many of those present were very surprised to learn the real state of affairs in that country. Transylvania was formerly a part of Hungary, and the speaker declared that under Hungarian rule the people were vastly more contented than at present; fifty-three per cent. of the population are illiterate, and this fifty-three per cent. hold the reins of government, while the intelligensia are held down by them. Some of the conditions described by the speaker were shocking, and he concluded with a plea for that much abused province.

Dr. E. K. Rand, of Harvard, for-

THE LAW BANQUET 1923

*"There's not a flaw, flaw, flaw
On the boys in Law, Law, Law
That's the work for you and me."*

One of the most elaborately planned and successfully staged annual banquets of the Law Society was held in the Carleton Hotel on the evening of Tuesday, February 27. Prominent members of the Bench and Bar, the President, and the Dean and members of the Law Faculty were the guests of honor of the Society at this affair *de luxe*.

Charles Beazley, chairman of the entertainment committee and a member of this year's graduating class, acted in the capacity of toastmaster and filled the position in a most pleasing manner. The toast list resulted in a number of happy speeches on a variety of interesting topics concerning college, local and national life. The speakers and subjects were:

- L. W. Fraser—Canada—J. R. Nicholson.
- N. A. MacKenzie—The University—Pres. A. S. MacKenzie.
- C. S. Richardson—The Bench and Bar—Hon. Mr. Justice Russell, Hon. W. J. O'Hearn, K. C.
- A. M. Matheson—The Law School—Dean MacRae.
- J. G. Fogo—The Ladies—Prof. J. E. Read.
- G. P. Flavin—Our Guests—Hon. Mr. Justice Mellish, Hon. Mr. Justice Chisholm, Stuart Jenks, K. C.

The committee in charge, on whom the success of the banquet reflects no small credit, was composed of Messrs. C. Beazley, A. M. Matheson and P. Slipp.

ACKNOWLEDGMENTS

The Gazette wishes to acknowledge receipt of subscriptions from the following: Misses Frances Lewis, Velma J. Moore, Mrs. J. K. McInnes, Revs. A. E. Chapman, Sidney Bonnell, Drs. D. S. McCurdy, Chas. G. Blain, A. G. Laird, McKiggan, C. C. Archibald, Profs. Howard Murray, D. S. McIntosh, Messrs. E. C. Locke, A. W. Brown, Jos. Jeffers, Arch. McColl, C. D. Howe, H. T. Creighton, A. J. Creighton, Walter Crowe, G. M. J. MacKay, Miss Jean Bayer.

J. R. NICHOLSON

"Character in Business"

The eagerly anticipated lecture of Mr. George S. Campbell took place Wednesday, February 28th, under the auspices of the Commerce Society. The subject was "Character in Business", the necessity of which Mr. Campbell impressed upon his hearers in his very interesting manner. He first made a clear distinction between character, "which is what we are," and reputation, or "what we seem to be". For success in business the three essentials are character, ability and industry.

Mr. Campbell then outlined a truly successful business career, beginning at the junior period and following the subject through to the prominent business manager or owner stage, enumerating the qualities of character that should attend the development. He then showed the importance of a good character in obtaining credit from banks. Finally he made a sketch of the three types of business men in the world today. The first type is the man who pays all his attention to his own business and has no interest outside it. The second is he who pays all attention to everybody's business but his own, and the third and best type is the man who follows the middle path, earnestly developing his own business, and at the same time taking an active interest in the community. Mr. Campbell urged Commerce students to be like the best type and concluded by wishing each of them "a most honorable and prosperous business career." J. O'C.

Pine Hill Post

The boys have almost recovered from the At Home, and the next thing is the Glee Club entertainment. Ches. Oake still tells about his little party on the night of the At Home. It was quite out of bounds, and he spent a whole week before hand camouflaging his room. The cracks in the wall were covered with pictures and the stains in the tablecloth with books. As a decorator Class '24 has a valuable addition to its numbers.

The Theologues' basket-ball team, consisting of Aitken squared, Don Sinclair, who recovered his trousers at Lorne some number, Herman Campbell of Dartmouth, Forbes of the Marlborough Woods, and Robert Cumming, Robb, who needs no explanation, played the Mount Allison Theologues at Sackville last week and slew the Philistines.

A point worthy of notice is that Guy McGregor was down to breakfast for the first bell one morning last week, and by the same token Colin McNeven missed the first table one morning, and finally, to put us completely off our schedule, we had fish on Wednesday instead of Friday. Some other unusual

occurrences in the past week were Rev. D. A. McKinnon got a barrel of apples, Cliff Grant has a sore throat, Jigger is sick again, A. B. Simpson was home for the week end and J. A. Nick. has started parting his hair again.

Some of our boys have developed into firm devotees of the Auditorium and Kitty's, perhaps the most noted being Bun Barnaby, of the mandolin, lured there, no doubt, by the insidious example of Charlie MacIntosh. There are several more in the making, such as Kenny Grant, who takes his dancing lesson as regularly as Yuill takes his medicine every Saturday night.

University Hall

The third dance of the year has come and gone, and the last dance was the best of all. It was a week ago Monday evening, that about fifty couples tripped the light fantastic amid the dim religious light.

The dance was in the hands of a committee composed of Messrs. Somers, Cameron, Graham, McLeod and Ormond, and it was owing entirely to this committee that the dance was such a success. The music was good, the refreshments superb, and the decorations were of a very attractive nature, indeed. But what was the most important of all, the guests were the very best. The boys of the Hall seem to be able to gather the finest collection of girls that ever assemble at a Halifax dance.

At every Hall dance, the scheme of decoration has been materially changed. This time the walls were hung with a few tasteful pictures, and all the lights were shaded with red paper. The result was to give the rooms a subdued, glowing effect. In fact, the light was so subdued, that the hall was brightest during the moonlight dance, —the moon coming in from outside, where it always should come from.

The music, which was supplied by the Harmonic Orchestra, was very satisfactory. The chaperones were Mrs. Dr. Stewart and Mrs. Bagnall.

Other events of the week were the Law Banquet and Miss Preston's select theatre-party, which the boys greatly enjoyed. They say Halfyard doesn't care much about the Majestic now. The box seats are not expensive enough for him. Nothing mean about Byron. A. C. M.

ACADIA VS. DALHOUSIE.

The intercollegiate debate takes place at Wolfville on Tuesday, March 27. The girls' debate will probably take place about the middle of March but the final date has not been settled.

Remember that every dollar helps. Be sure that yours is in the return mail.

ENGINEERS' DANCE

Due to the kindness of several members of the Society, the Engineers were enabled to hold a party at the Waegwoltic, on the evening of Fri. Mar. 2nd. With Doug and Pansy as the moving spirits all went smoothly. Dancing began at 8.30 to music furnished by the far-famed Kitty Gliska Orchestra. During intermissions the conservatory and the various lounge rooms were much in demand—and some folks simply *must* sit out an odd dance.

About 10 o'clock a dainty lunch was served in the dining-room after which dancing continued until 12.30 o'clock. Prof. and Mrs. Copp were the chaperones. Disappointment was felt when Prof. Copp declined to demonstrate the dance named in his honor. About twenty-five couples were present.

The Engineers are very grateful to those classmates whose efforts made the affair the success that it was.

Dalhousie Wins Hockey Championship

Dalhousie Defeats Kings

By defeating King's College by a score of 8-1 at Truro, on the 2nd inst., Dalhousie annexed the Championship of the Eastern Section and is now ready to meet the University of New Brunswick for the Intercollegiate Hockey Championship of the Maritime Provinces.

In the first period of the game Kings got away to a good start when McCoy secured his own rebound and slapped it past McIsaac for their one and only tally during the entire game. From then until the end of the game the "Duke" displayed a knowledge of goal-tending that wasn't acquired in any correspondence school. Morrison tied the score for Dal. when he secured the puck on a pass from behind the Kings' net and shortly after Fluck notched Dal's second tally after a beautiful end to end rush.

In the second period two of the players forgot that there was a puck on the ice and attempted to play the man but it got them nowhere and only caused penalties to be handed out on both sides. The Dalhousie men seemed to be everywhere at once and able to score at will. Haslam secured two more goals for Dal in this period and both Morrison and Fluck scored again.

In the final period Kings put forth every effort possible to even matters but they were outplayed at all times and their attempts at combination were broken up with little difficulty. In spite of Smith's stellar work in the Kings' net, Fluck added two more goals to Dal's credit in this period making the total score at the finish 8-1.

The Line-up was as follows:—

Kings—B. Smith, goal; Parnell and Ernest, defence, MacCoy, G. White and C. Smith, forwards; Coalman, G. Morrison and C. White, substitutes.

Dalhousie—McIsaac, goal; Fluck and Dunlop, defence; C. Morrison, Haslam and Hickey, forwards; Langwith and Creighton, substitutes.

I. L. B.

Mt. A. Girls Win Basketball Championship

By defeating the Dalhousie Girls Basket-ball Team in the Dal gym. on Saturday, March 3, Mount Allison won the title of Maritime Intercollegiate Champions. Both teams showed good form, and fought hard throughout the game. In the first period the play was very even, Mount A, perhaps doing the score 6-5, in Dal's favour.

The home team started out with a rush in the second half, bringing the score up to 8-5, but was held here for the rest of the game. Mount A kept up her play till the end showing good guarding and combination.

Final score 12-8.

The game was clean throughout. "Doc" Dawson of the Y. M. C. A., referred to the satisfaction of both teams.

On their arrival in Halifax the visitors were entertained at lunch at the Woman's Club, after which President MacKenzie very kindly gave them the freedom of his house. After the game they were tendered a banquet at The Green Lantern, whence they proceeded to the station "weary but victorious". M. M.

ANOTHER HOCKEY PROTEST

Mount Allison University has protested the awarding of the Sumner trophy to University of New Brunswick.

H. M. Wood, of Sackville, who has been well known in hockey circles in the Maritime Provinces for the past twenty years, has sent out a questionnaire to the various colleges and, is endeavoring to bring about a settlement of the difficulties. Mr. Wood is chairman of the trustees of the trophy which was donated by the late Fred R. Sumner, of Moncton, for competition by U. N. B., Mount A., Acadia and King's Universities.

Upon a claim that the members of the western section—U. N. B. Acadia and Mount A.—of the Maritime Intercollegiate Hockey League had agreed at a conference last spring that there would be no play-offs of three cornered ties in athletic competitions between them, Acadia and Mount A. both declined to compete with U. N. B. to decide which would play against Kings'

Dalhousie 15--Acadia 14

The Dalhousie basketball team defeated Acadia's five in the Dalhousie gymnasium last Fri. night by the close score of 15-14. The game was nip and tuck all the way and provided a thrilling finish. Taking the game all round it was not a fast exhibition, as the Dal floor is very large and this slowed the players up to some extent. Both teams went into the game determined to win and both victors and vanquished gave the best they had. This Dal win evens matters with Acadia in the matter of intercollegiate basketball games for this season. Good guarding and long shooting featured the game.

The teams:

Dalhousie—Coster, McOdrum, Mader, Muir, Wilson, Miller, Grant.
Acadia—Robinson, Rhodenizer, Wigmore, Chipman, Brown, McCready.

College, the fourth eligible, (which is a member of the eastern section) for possession of the Sumner trophy. The matter was thrashed out at a conference of the colleges recently at Truro, a schedule drawn up for participation by the three colleges for the play-off and, when Acadia and Mount A. refused to play U. N. B. the later went to Amherst and defeated King's College by 7 to 5,

U. N. B. regard themselves as the the Red and Blacks say that they will not be robbed of the honors they have won irrespective of whether the trophy is finally awarded or not.

"Gleaner".

Dal II's took a heavy fall out of the Law team on Saturday afternoon preliminary to the Girl's Intercollegiate Basket Ball game. Score 24-4. Of "Larry" and "Clyde Vinecove" it can but be said that "they did their worst". Hewat starred for the Seconds.

RAZZBERRIES

Professor MacIntosh (In Geology class)—“Well! Well! And Mr. A. D. MacInnon has the measles. They seem to have put that on the course at Pine Hill”.

Binks: Ish thish you?

Jinks: Yesh.

Binks: Thash probly why you look so much alike.

In Geol. I—Prof. MacIntosh—“What must have been nature's salve?”

M-s-l-y—“Zam-Buk”.

Dr. L. “Coue” McPherson recites fifty times a day the newest formula—“Day by day in every way I am getting Berter and Berter.”

QUITE SO.

“I'll show you an old, old tintype of the family,” said she coyly, leading me into the living room.

“Ah”, thought I, “a sweet old-fashioned maid! Lovely echo from the romantic past. Her's should be a background of hollyhocks, Sweet William and lilacs, with the sweet music of the minuet soundly faintly in the distance”.

She led me to the window.

“The the d—wreck”, and she pointed to a flivver at the curb.

DID YOU MISS CANADA?

Although Miss Canada apparently did not find time to visit the hall of Dalhousie during her much too brief stay in the city, it is reported that she was in communication with V. J. McEvoy, Law '24, Charlie Harrison and Col. Kennedy of Carleton County. “Al-lie” Thompson who met her at the Arena, said she was “some baby” and “The Sheik” is reported to have *paid* the Auditorium a special visit. Ron. Forbes says he *missed* her altogether. Charlie Jenkins and Fridtjof John Charles Eugene McRitchie fell hard for Miss Moncton at the City Hall.

JACOB STREET

CANADIANS AT HARVARD

(Continued from page 1)

merly of Acadia, and one of the charter members of the Harvard Canadian Club, read some very interesting and, as far as Nova Scotia is concerned, some very gratifying features. There are, at present, seventy-four Canadians at Harvard. Of these seventy-four, twenty-four are from the province by the sea. Mount Allison University contributes the larger part of these, eight are from Dalhousie, while Acadia, Kings and Saint F. X. are represented in the order named. Among the Dalhousians present from the Massachusetts Tech. were Joe Townshend, '20, and A. D. Ross, '17. Professor Winfield, of St. John's College, Cambridge, England, was a guest and spoke briefly but interestingly to those present.—C. F. B.

'24 TOBOGGAN PARTY

The latest event was a toboggan party and dance. Under the capable management of “Mush” Morton, Gertrude Mills, and Chas. Beckwith the class turned out to the golf-links about 8 o'clock on Thursday evening. For two hours there was one glorious time. A few spills occurred but they lent zest to the sport, and nobody was seriously injured, though Muriel MacKenzie was rather shaken up, due to a crash, and had to leave early. (Of course this meant that Hazel went too).

About 10 o'clock coasting stopped and the party repaired to Dr. Morton's on Quinpool Road. Here, the first item was something to eat—hot beans, coffee and cake.

Then dancing—with Elsie Campbell at the piano. *Some party!* A little later ice-cream was served, and dancing continued till 12.30 o'clock.

Class '24 is very grateful to Dr. and Mrs. Morton, and also to Mrs. (Dr.) Gray, for their kindness of the evening.

Thanks is extended to those who provided the toboggans for the party.

LECTURE BY DR. CAMERON.

Dr. John Cameron delivered an interesting lecture on “The Races that Dwell above the Clouds” before the Nova Scotia Institute of Science last week. By special request, this lecture will be repeated before the Halifax Dental Society on Friday, March 9.

STUDENT ELECTIONS

The interest of the week centred about the elections of representatives for the Students' Council, the undergraduate governing body. Unfortunately the results were not available for publication in this issue.
